# At the final command of "CEASE FIRING"

When you are ready to plan and to build

**FITZGIBBONS STEEL BOILERS and AIR CONDITIONERS**

will be ready to serve you

**BUY U. S. WAR BONDS and STAMPS**

MOST ECONOMICAL IN FUEL  
THE FITZGIBBONS BOILER

The last shot of the war will be the signal that starts the building rush. Planning NOW does not mean a let-down in the war effort. It is merely common sense. So—

PLAN NOW for "Heat by Fitzgibbons" in the homes you are designing, and—

BUY NOW as many War Bonds as you can to speed the day of VICTORY, when PLANS will become HOMES.

The Army-Navy "E" flag, emblem of patriotic endeavor, lies proudly over the Fitzgibbons plant.
